THAILAND RANKS WORLD'S 3RD DIGITAL NOMAD HAVEN

According to a study by online resume building service Resume.io, Thailand ranks third as a top destination for digital nomads, following the United States and Spain.

The study analyzed 25,976 Instagram posts with the hashtag #digitalnomad and used geotagged locations to determine the popularity of countries and cities.

Thailand, particularly Bangkok, dominates the digital nomad landscape in Asia and Oceania, with the highest number of #digitalnomad Instagram posts.

It is worth noting that approximately 40 countries now offer digital nomad visas, and most have lifted their pandemic-era entry restrictions.
